

Community Events

Bridges would like to help you bring events with a global flavour to your local community.

- We can work with you to create a global event especially for your local community.
- We can come to your local event with an activity stand inviting people to explore and take action on one of the issues we work on.

Host a Global Event

If you have an audience we can help provide a show. We'd love to hear your ideas about what would work in your community. Here are some of our ideas to get your started:

- Film Nights

There are loads of films that are great fun to watch and will help get you and your community thinking about the world we live in. Africa United which tells the story of three football mad Rwandan children and their journey to the opening ceremony of the 2010 World Cup in South Africa is great for families and Black Gold a documentary about the coffee trade will change the way you look at your cappuccino forever.

- Actors for Human Rights

Bring a truly unique piece of theatre to your community with Actors for Human Rights. Their moving performances cover topics such as seeking asylum in the UK, poverty and homelessness and growing older. The plays use dialogue recorded from real life conversations to create real and emotional pieces of theatre.

- 1.4 Billion Reasons Presentation

1.4 billion reasons is an international multi-media presentation, that explains the facts of extreme poverty and provides audiences with the information and tools they need to take effective action against extreme poverty.

Invite Us to Your Event

Bridges' road-shows are interactive exhibitions that give people the chance to learn about and take action in support of a topical global issue. We've taken our road-shows out to summer carnivals, school parent's evenings, shopping centres and community events.

It is always fantastic to get out and get talking to people so if you have an event you would like us to come to then please let us know!

Road-show for World Toilet Day

Bridges promotes knowledge and learning in Shropshire for a fairer world. Our vision is a world where all people are respected, learn together and are able to take action.
