

### 2011 – 2012 Bridges' Interactive Workshops for 16 +

We can help your students gain a broader understanding of important issues that affect the world today. Our workshops give students the opportunity to:

- Find out more about current global issues
- Strengthen their sense of citizenship
- Reflect on their response to the issues
- Consider engaging in national / international campaigns for change

We do not give lectures, but rather give students challenging or thought provoking activities to stimulate discussion. Sessions usually last 60 – 90 minutes and cost £60 – 90 plus travel @ 40p per mile. We are happy to run longer sessions or a series of workshops. TO BOOK ring or email us at our offices (see below).

### Issues covered in our workshops for 16+ year olds

We can deliver interactive workshops on the following issues:

- **Racism** - What racism is and what can we do about it
- **Diversity** - Local and national diversity and how we can appreciate it
- **Fairtrade / the ethical consumer** - How can we make ethical choices with what we buy and why we should bother
- **Ethical travel** - the cultural and environmental impact of the tourist trade
- **Recycling and waste** - How our waste affects the world and other countries' use of resources
- **Human Rights** - The Universal Declaration, what it means and how rights are abused
- **Poverty and Overseas Aid** - What is the best solution to poverty?
- **Refugees and asylum seekers** - the myths and realities

'Really effective grouping and feedback'

Concord College

'The group responded very positively and good discussion was stimulated with some interesting questions'

Shrewsbury High School for Girls
