

Views from Shropshire - Key Stage 2 Activity Plan 1

Human Bingo

Intended learning outcomes

- Pupils will identify and celebrate their own diverse backgrounds and experiences and appreciate the diversity of others in the group.
- Pupils will recognise and embrace diversity as part of their everyday life.

Duration

20 minutes

Materials and resources

Human Bingo Worksheet

	Activity	Teacher's notes
Whole class activity	Provide the class with a copy of the <u>Human Bingo Worksheet</u> and ask the pupils to find as many of their classmates as possible, who share similar characteristics and experiences. The person who finds the most people in the time allocated is the 'winner' of the task.	You may wish to adapt some of the suggestions in the worksheet to make it more relevant to the group.

Plenary

Ask the class to reflect on the diversity of the group, there are a number of similarities and differences they share without even realising!

Ask the class how they felt on finding someone who was similar to them.
